Ms. Owen:

As per our telephone conversation this date, I want to state that we had checked all benches in the Town of Davie on September 30, 1998, and that all benches were placed parallel to the street.

You have to realize that these are recycled plastic benches which weigh approximately 100 pounds, instead of concrete benches which weigh around 350 pounds.

We cannot guarantee that the benches will not be turned or moved by individuals waiting for the bus or lawn maintenance people.

We do check all benches in the Town of Davie at least once a week and will make sure that they are in the correct position.

We hope that this information will help clarify the situation.

Sincerely,

Re: Extension of Bus Bench Agreement

Dear Mayor & Councilmembers:

This will confirm my discussions with the Town Administrator with respect to extension of the bus bench franchise agreement between the Town of Davie and the E.A.S.E. Foundation, Inc. He has requested assurance from E.A.S.E. that there will be a minimum three foot clear pedestrian path within the sidewalk area. The E.A.S.E. Foundation recognizes that pursuant to the Town's Charter §12(A)(6), the Town has the right to impose regulations as may be conducive to the safety, welfare and accommodations of the public. The E.A.S.E. Foundation will of course abide by that regulation and, accordingly, will maintain a minimum three foot clear pedestrian path within the sidewalk area.

The E.A.S.E. Foundation furthermore acknowledges that pursuant to paragraph 8 of the Agreement, all bus benches shall be installed on designated bus routes of the Broward County Mass Transit Authority.

Very truly yours,
